## Project specific feedback

### Q4: Which aspects of the project are most important to you?

Our team will be developing the proposals for Frodsham Solar by considering a range of different topic areas. This will involve undertaking thorough environmental assessments and exploring various measures and opportunities which could be delivered.

Please note that our initial proposals look to address these topics and are available to view in our Community Consultation Leaflet, available on our website and at our information events.

In the following table, please tick the topic areas you consider to be the most important issues that you would like us to consider. You can refer to these topic areas when responding to Question 5 (Please provide comments on our initial proposals for Frodsham Solar).

Tick Box	Topic area
	<p><b>Local ecology</b></p> <p><i>For example, protecting existing wildlife and exploring opportunities to improve ecology and biodiversity across the site area.</i></p>
	<p><b>Landscape and visual</b></p> <p><i>For example, screening the solar farm from particular local viewpoints.</i></p>
	<p><b>Energy Storage</b></p> <p><i>For example, ensuring the safety of the on-site Battery Energy Storage System.</i></p>
	<p><b>Archaeology and local heritage</b></p> <p><i>For example, any ways that our proposals may interact with local heritage sites and the sharing of any archaeological findings.</i></p>
	<p><b>Traffic, access and construction</b></p> <p><i>For example, managing deliveries and vehicles associated with the solar farm.</i></p>
	<p><b>Land use and agriculture</b></p> <p><i>For example, how we can best manage the land during the operation of the solar farm, including opportunities for continued agricultural use.</i></p>
	<p><b>Hydrology and flood risk</b></p> <p><i>For example, considering the interaction with watercourses and rainfall in the local area.</i></p>
	<p><b>Recreation and amenity</b></p> <p><i>For example, maintaining existing Public Rights of Way and exploring opportunities to deliver new routes and amenities across the site area.</i></p>
	<p><b>Supply chain and employment</b></p> <p><i>For example, opportunities to involve local businesses and people in the construction and operation of Frodsham Solar.</i></p>
	<p><b>Other (please detail)</b></p> <p><i>Please list any other key topics that you would like our team to consider:</i></p>

**Q5: Please provide comments on our initial proposals for Frodsham Solar.**

You may choose to expand upon your answers to Question 3 (your overall view of Frodsham Solar) and Question 4 (the topic areas you think are most important for our team to consider).

**Q6: Please provide any thoughts or suggestions that would help us to design a community benefits contribution (CBC) package to accompany Frodsham Solar.**

Peel Cubico Renewables is committed to working proactively with the local communities within which we operate.

Your response could include suggestions for the type of projects or initiatives you think could benefit from this contribution.
